Product Description

The NVR3664K8 64CH 4K NVR 8HDD is a high-performance network video recorder designed for large-scale surveillance. Supporting 64 channels, H.265/H.264 video compression, and up to 8×10TB storage, it ensures smooth 4K recording with 640Mbps bandwidth. Built with a durable metal housing and compatible with UK power standards, this professional NVR is ideal for office, industrial, and commercial security systems
