## Attributes

## Product Description

The Dell Inspiron 5440-5463BLK Laptop delivers reliable performance in a sleek and compact design. Powered by Intel Core i5-1334U with 8GB RAM and a fast 512GB SSD, it ensures smooth multitasking for work, study, and everyday computing. The 14" WUXGA (1920x1200) display provides sharp and clear visuals, while Windows 11 offers a modern and intuitive experience. Finished in Carbon Black with a backlit keyboard, this laptop combines style, portability, and efficiency for professionals and students alike.
