Product Description

The Asus ZenBook UX3405CA-U932 Laptop combines cutting-edge performance with elegant design. Powered by Intel Core™ Ultra 9 285H and 32GB RAM, along with a fast 1TB SSD, it ensures smooth multitasking and lightning-fast storage access. The 14" FHD OLED touchscreen delivers vibrant colors and sharp visuals, while Windows 11 provides a modern, intuitive experience. Finished in Jasper Gray with a backlit keyboard, this laptop is perfect for professionals, creators, and power users seeking portability, style, and performance.
