Product Description

The Asus TUF A16 is a powerhouse designed for gamers. Equipped with an AMD Ryzen™ 7 7445HS processor and 16GB RAM, it delivers seamless performance on a 512GB SSD. The 16" Full HD display with a 144Hz refresh rate offers sharp, lag-free visuals, while the NVIDIA® RTX 4050 graphics bring your games to life. Running on Windows 11, it ensures smooth multitasking and gaming performance. The backlit keyboard adds convenience in low-light environments, making it a reliable machine to keep you ahead in every game.
