## Product Description

The Acer Nitro V 16 ANV16-42R96P is built for serious gaming and productivity. Powered by an AMD Ryzen™ 7 260 processor and NVIDIA® RTX 5050 graphics, it delivers fast, smooth performance for all your gaming and multitasking needs. The 16" FHD 180Hz display offers ultra-smooth visuals, while the 16GB RAM and 512GB SSD ensure quick load times and efficient storage. With Windows 11 and a sleek Obsidian Black design, the Nitro V is ideal for gamers who demand high performance.

### Key Features:
